MOTORMEN HAVE SEATS ON CARS HEREAFTER.

Law Becomes Effective Today Regarding Suburban Electrics.

Today the motormen of the suburban lines of the Connecticut company will be happy. For at last the desire of their hearts has come to pass. Beginning today, Oct. 1, the law providing seats for the motormen on through lines is in effect, and hereafter they can open wide their controllers or put on their air, seated on their little wooden stools, 24 inches high. These were received at the local car barn a few days ago from New Haven.

The change will be a real relief to the motormen on the long Willimantic-New London and Central Village runs and will be appreciated by the men on the Putnam lines. The stools provided take up but little room and there is no reason why the new arrangement should not work out successfully in Norwich. The bill was presented to the legislature by Representative J. J. Sprague.

OCCUM SCHOOL DISTRICT LAYS THREE MILL TAX.

Some Change Made in Officials, the Previous Meeting Having Been Found Illegal—Company's Offer Accepted.

On Thursday evening at Occum there was an attendance of about forty in Parent Hall for the school meeting. It having been found that inasmuch as the meeting held in August was not advertised that it was not legal and this was called to do the same business over and resulted in two changes in the officers. Fred Topliff acted as chairman and Clerk Boutillier acted for the meeting. These officials were elected: School committee, Fred Topliff, Elsie Baldwin, Edward J. Teffault; secretary, V. Peloguin; treasurer, Fred Topliff; collector, Frank R. Bushnell; auditing committee, Louis Bassett and William LePage; trustee, Gustave E. Lambert.

It was voted to lay a three mill tax and the committee was authorized to borrow a sum not to exceed \$10,000 to carry on the work of the district. It was decided that the offer of the Tolekett company of a site for the school house adjoining the Peasey property should be accepted and the six room building will be erected thereon as soon as the bids have all been received and the contract awarded.

The action of the previous meeting was ratified, the session lasting about an hour.
